Reciting the Mantras

On a moon cushion at the heart of **Manjushri abiding at the centre of Guru Tsongkhapa's crown chakra** there is a **letter DHI** encircled clockwise by the orange letters **OM AH RA PA TSA NA**. On a moon cushion at the heart of **Avalokiteshvara abiding at the centre of his throat chakra** there is a **letter HRIH** encircled clockwise by the **white letters OM MANI PÄME HUM**. On a sun cushion at the heart of **Vajrapani abiding at the centre of his heart chakra** there is a **letter HUM** encircled clockwise by the **blue letters OM AH VAJRAPANI HUM HUM PHAT**.

From the letter DHI and the mantra at **Manjushri's heart** infinite rays of light radiate and touch the body and mind of all sentient beings. The light purifies the inner darkness of their ignorance and they attain divine wisdom eyes. OM AH RA PA TSA NA DHI
